

# Full declaration of ingredients

## Garden Colour

### **Binding agents:**

- water-based paint: Emulsion paint: water- dilutable modified acrylate dispersion

### **Solvents:**

- Water

### **Earth:**

- Mineral origin, silica acid and swelling clays (argillaceous rock)

The used mineral earths are free from all poisonous ingredients (e.g. heavy metals) and are harmless to health.

### **Pigments:**

- Mineral pigments on the basis of ore; titanium dioxide and iron oxides (yellow, red, brown, black)
- Organic pigments (yellow, red, green, blue) which are in compliance with German Industrial Norm DIN 53160 (fast to perspiration and saliva) and Euro Norm EN 71.3 (safety of children's toys)

### **Additives:**

- water and dirt repellent additive
- polysiloxanes (on basis of silicic acid)
- In-can preservative (CAS 2634-33-5 1,2-Benzisothiazol-3 (2H) -one (BIT), CAS 2682-20-4 2-methyl-2H-isothiazol-3-one (MIT))

Osmo garden colour does not release any physiologically harmful compounds into the environment.

The dried finish is safe for humans, animals and plants (in compliance with the German Industrial Norm DIN 53160 (resistant to perspiration and saliva) and Euro Norm EN 71.3 (children's toys safety)).

Further information, e.g. for the technical characteristics, please refer to the product information.

The above-mentioned information is provided to the best of our knowledge however without any liability.
