

## LIQUID WAX REFRESHER

Ideal for refreshing oiled and waxed flooring and furniture surfaces

3015 Clear

### Product description:

Liquid Wax Refresher is especially designed for the occasional refreshing and maintenance of wooden floors as well as furniture and other interior oiled and waxed surfaces. Osmo Liquid Wax Refresher regenerates the surface, is easy to use, and allows a quick and economical application.

### Recommended use:

Osmo Liquid Wax Refresher is ideal for refreshing all wooden surfaces treated with Osmo 2K Wood Oil or Osmo Polyx®-Oil.

### Ingredients:

Based on synthetic and natural waxes and preservatives (BIT and CIT/MIT). Detailed declaration of ingredients available upon request.

### Technical Data:

Specific gravity: 1,0 g/cm<sup>3</sup>

Viscosity: 50-80 mPas

Odour: faint/mild, odourless after drying

Flashpoint: not required

pH value: 8-9

### Storage:

2 years and longer if stored in the closed original can.  
Do not expose to frost or temperatures above 30 °C!

### Surface Preparation:

First remove dirt and dust from the wood surface with a cloth, mop or vacuum cleaner. Areas treated with Osmo Polyx®-Oil can be cleaned with a damp cloth (add Osmo Wash and Care to the mop water). Wipe dry to avoid moisture penetration in joints.

### Methods of Application:

Before using Liquid Wax Refresher, dilute with clear water, mixing ratio 1:1. The mixture can be applied easily to flooring with a household pump spray bottle. Work in sections of 2-4 m<sup>2</sup>. Afterwards spread the mixture out evenly with a damp mop or cloth. Make sure not to apply too much water. The floor must only be left damp, not wet, otherwise there is a risk of over application.

### Cleaning of tools:

Immediately after use, with soap and water.

### Drying time:

Approx. 15-20 minutes (normal climatic conditions, 23 °C/50 % rel. humidity). Ventilate well while drying. Lower temperatures and/or higher air humidity may increase drying times.

### Coverage:

1 L of diluted product will cover approx. 40 m<sup>2</sup> with one application.

**Caution:**

Causes serious eye irritation. Keep out of reach of children. Wear eye protection/face protection. Contains 1,2-benzisothiazol-3(2H)-one (BIT); mixture of: 5-chloro-2-methyl-2 H-isothiazol-3-one (CIT) and 2-methyl-2 H-isothiazol-3-one (MIT) (3:1). May produce an allergic reaction. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. If medical advice is needed, have product container or label at hand. Safety data sheet available on request.

Warning

**Disposal:**

Dispose of leftover product and completely emptied packaging according to local official guidelines (waste code number 20 01 30). Only completely emptied cans can be recycled.

**Colour tone:**

3015 Clear

**Size:**

1.0 l
